THE BASIN PRIMARY SCHOOL NO. 2329

Mountain Highway, The Basin 3154
Telephone: 9762 1256 Fax: 9761 0528
Email: the.basin.ps@edumail.vic.gov.au
Our home page: www.thebasinps.vic.edu.au

HOW TO ENROL YOUR CHILD

1. Fill out the Enrolment form available from school.
2. Provide us with proof of the child’s age (e.g. Birth Certificate/Extract of Entry) – this can be photocopied at school.
3. Bring the child’s Immunisation Certificate which may be obtained from Australian Childhood Immunisation Register (ACIR) by calling them on 1800 653 809.

Once the enrolment documents above are delivered to the school, your child is officially enrolled for the next school year.

PLEASE ENROL AS EARLY AS POSSIBLE – Prep enrolments should be finalized no later than the end of term 3, 2014.

The Basin Primary School “Transition from Kinder” program on page 3 of this booklet outlines the way the school supports kinder age children to become ready for entrance to school.

The main Open Day/Night during Education Week in on Wednesday 22nd May is one opportunity for NEW parents to visit the school. Alternatively parents are welcome to make an appointment for a tour of the school with the Principal.

The Basin Primary School “Beginning School” handbook has been provided to assist parents and students with preparations for Primary School.

We look forward to seeing you at The Basin Primary School.

Message from the Principal

The Basin Primary School has been an integral part of the local community for 134 years. Our parents and teachers work together to provide our students with the best possible environment for learning - we are very proud of our school grounds, the second largest in the state, which provide a playground space catering for every child’s needs. Our school buildings include a Computerised Learning Centre, a Multi-Purpose room and a Gymnasium. Most importantly, our professional and highly trained teachers provide a learning program which aims to develop the social, emotional, physical and intellectual skills each child needs in order to achieve their potential into adulthood.

Our new school motto is - DREAM, BELIEVE and ACHIEVE. Dream - It all starts with a dream. Every one of us dreams, especially when we are young. Are you challenging yourself every day to follow your dreams? Believe. We need to believe in ourselves to have the confidence, determination, resilience and courage to go after our dreams. Achieve. Achieving success is a combination of keeping strong, being confident, humble, courageous and never giving up!

In 2008 we received over $450,000 funding from both the Federal and Victorian Governments for the refurbishment of 8 classrooms and a new multi-purpose performing arts centre. In 2011 a new 2 million dollar Library & Classroom Centre was built as part of the stimulus package. This means all learning areas at The Basin PS are quite new or recently refurbished.

At each level The Basin PS has developed engaging units of work based around the Victorian Essential Learning Standards (VELS), which outline what is crucial for all students to learn from Prep to Year 12. As a result our academic results across all areas are high. Schools use the Standards to plan their teaching and learning programs, including assessment and reporting of student progress. The Standards ensure that students continue learning traditional subjects such as English, Mathematics, Science, Humanities, Languages and The Arts. Within these subjects, students learn the physical, personal and social skills they need in life.

The three strands in the Victorian Essential Learning Standards are:

- **Physical, Personal and Social Learning**: such as health and physical education and civics and citizenship
- **Discipline-based Learning**: of subjects such as the arts, economics, English, mathematics, geography and history
- **Interdisciplinary Learning**: covering Communication and Information Technology.

Students are also expected to achieve standards in science, the humanities, thinking processes, design, creativity and technology, personal learning, and civics and citizenship.

We have a wonderful staff which includes a mix of age groups. We have four excellent specialist teachers delivering programs in Music/Performing Arts, Visual Arts, German and Physical Education. Our sporting prowess is second to none. We have been District Champions in Athletics, Cross Country and Swimming many times over many years. Our dance teams have experienced great success at the state run Wakakirri competition. Dance opportunities are offered to all children from Prep-6.

We actively encourage parents to be part of school programs - which has been a great feature of The Basin PS over many years. We believe that such a partnership improves the learning outcomes of all students. Welcome to our great school. May your time with us be rewarding and provide both you and your child with the best educational experience.

Graeme Russell
Principal
Message from the School Council President

The Basin Primary School would like to welcome you and your family to our School. We strive to provide an excellent, safe and pleasant environment, both within the grounds and the classrooms to encourage your children to achieve their full educational and social potential.

The School Council is a major decision-making body operating with the Department of Education, and Training (DE&T) guidelines. It is comprised of eight parent representatives, four DE&T representatives, two co-opted representatives, and the Principal as Executive Officer. Each member is elected for a two year term, with half of the members eligible for re-election each year.

School Council has the responsibility for determining educational policies for the school, overseeing the maintenance of buildings and grounds, financial management, and encouraging community involvement and interest in our school to ensure the children attending The Basin Primary School have the best educational and environment backing we can offer.

The School Council has various sub-committees, each concentrating on a particular area of interest. These sub-committees are comprised of School Council members plus any interested members of the school community.

Our Junior School Council, consisting of representatives from each year level, offers us suggestions from the student’s point of view on ways they feel their school may be improved and enhanced.

All School Council and Sub-committee meetings are open to all members of the school community. Your interest and participation is actively encouraged and appreciated. Dates and times of these meetings will be found in the weekly newsletter.

School Council President
TRANSITION FROM KINDERGARTEN

1. MARCH
   - Kindergarten teachers are invited to consult with our Prep teachers regarding settling in of individual students from last year and visit the new Prep classes.

2. DURING TERM 2
   - Our Prep teachers will visit the Kindergartens to meet the children.

3. IN MAY
   - Kindergarten communities will be invited to visit the school during Education Week and on Open Night, Wednesday May 22nd from 6.30pm to 8pm. Our Principal - Graeme Russell is always keen to conduct 1:1 tours with interested parents.

4. DURING TERM 3
   - We encourage all parents to enroll their child/children by Friday 26th July for future planning, however enrolments will be accepted at any time. Kindergarten students are welcome to visit the school and become familiar with the school environment. A parent information evening is planned for September in term 3.

5. DURING TERM 4
   - Three orientation visits for children enrolled into The Basin Primary School will be held in term 4 during October, November with a state wide day in December. The dates will be publicised during Term 3 and early Term 4. Activities on these days will include -
     - A Visual Arts session
     - A teddy bears picnic
     - A Performing Arts lesson with our Music Specialist
     - A Physical Education with our PE & Sport Specialist
     - An introduction to our two playgrounds
     - The children will meet the Prep teachers and work in their new classrooms.

   - Information Evening for Prep 2014 Parents - This date will be sent to you in the mail, from 7:00pm to 8:00pm to meet your child's teacher and have your questions answered.

   - Teachers: Meet with Kindergarten teachers to discuss the individual needs of students enrolled at The Basin Primary School and classes for the new school year.

**PREPARATION FOR SCHOOL**

**PARENT’S EXPECTATIONS**

High expectations are held by parents for successful outcomes for their children as they begin school.

A responsible parent:

😊 Respects and values the child’s ability in relation to the level of development.

😊 Believes that learning takes place through encouragement, shared responsibilities and allowing the child to make choices and decisions.

The school recognises and respects the wide range of abilities and skills of children and plans for the child to develop physically, socially, emotionally and intellectually. Parental expectations that are too high or too low will result in discouragement. Show interest, ask questions, be ready to see their work when they wish to show it, share their reading with them but be careful that you do not become over-concerned.

A hint: When discussing children's artwork, a good strategy is to say “Tell me about your drawing: construction; model; etc.” This avoids the pained and shocked faces of little children to questions such as..."What have you drawn?" - making it obvious to the child that you do not recognise their efforts.

**PREPARING YOUR CHILD FOR SCHOOL**

Together, parents and teachers can provide the support and encouragement needed to make your child’s introduction to school a positive and enjoyable experience.
ENCOURAGE YOUR CHILD TO DO AS MANY OF THE FOLLOWING AS POSSIBLE:

😊 Know their full name, address and if able, their telephone number and be able to state these clearly when asked.

😊 Be able to TAKE OFF AND PUT ON outer clothing unaided and to manage zips and buttons and to put these items away.

😊 SHOELACE TYING REQUIRES PERSERVERANCE - Velcro or buckles are easier to manage at the start.

😊 To visit the toilet independently, to flush after use and then wash hands and to adjust clothing.

😊 Be able to use tissues or a handkerchief and know the importance of covering their mouth and nose when coughing or sneezing. NB: each child at school requires a box of tissues or a handkerchief.

😊 Be able to pack away playthings, books and materials neatly and tidily after use.

😊 Recognise their own name on possessions, clothing, lunch boxes, etc in Victorian Modern cursive writing or capital letters.

😊 To be able to eat from a lunch box, without surrounding themselves with scraps.

😊 Be able to share things (not food), take turns and co-operate with others. This includes listening to others, instructions and stories.

😊 Know the safest and most direct route to school and how to use a school crossing.

😊 Be able to hold a pencil correctly and cut with scissors.

WARN YOUR CHILD

😊 Always to wait by the classroom with a teacher if being picked up by you.

😊 To always come straight home from school without loitering or visiting a friend’s home without prior permission.

😊 To NEVER accompany or accept inducement from strangers. To NOT accept a car ride from anyone unknown by them, a neighbour or acquaintance without being directed to do so by you.

PROCEDURES AND ARRANGEMENTS

To make each child’s introduction to school life enjoyable and rewarding, we ask that you read the following information carefully:

😊 Your child will be issued with a NAME BADGE for easy identification, which should be worn each day for the first two weeks.

😊 After the first day, Children say good-bye to their parents they are escorted in and shown their own named peg for hanging bags, coats, etc.

😊 Your child will then enter the classroom to explore and become familiar with their new room, furniture, equipment, materials, etc. They will be encouraged to renew and make friendships with other children and to share activities together.

😊 Parents do not accompany children to the classroom each day. As you can imagine, 21 Preps with up to 35 parents could make the classroom overcrowded and unsettle the students.
YOU CAN HELP YOUR CHILD TO COPE WITH CHANGE

THE FIRST WEEKS AT SCHOOL

SAVING GOODBYE

😊 Establish arrival routines - greeting teacher, allowing children to put their own belongings away, etc
😊 Tell your child when you will be back – eg “I’ll be back at home time”
😊 Say goodbye, with a kiss, hug or wave, then leave. Be firm and friendly!

WHEN YOU RETURN

😊 Maintain a predictable pick-up schedule.
😊 Try to avoid asking your child “Did you miss me?”
😊 Share your child’s enthusiasm and re-telling of their school experiences, positively.
😊 Establish goodbye routines with teacher and classmates. “We’ll see you tomorrow morning” – then leave with your child.

😊 Children who are confident and secure in the knowledge that they are unconditionally loved and accepted at home, and who are self-controlled, are better able to face any uncertainties of starting school.

LUNCH ARRANGEMENTS

The daily procedure is for all children to eat their lunches under teacher supervision.
You will need to ensure that your child brings a prepared lunch to school DAILY, commencing on the first day.

PLAY LUNCH ARRANGEMENTS

Most children are hungry by Morning Recess (11:00am) and enjoy a small snack e.g. sultanas, cheese stick, piece of fruit, etc. To help your child understand the difference between play lunch and lunch, wrap them separately.
Children are under constant supervision by a teacher on Yard Duty, while at play.

OTHER POINTS TO REMEMBER ABOUT LUNCH:

😊 Your child’s lunch should be in a clearly named lunch box.
😊 Drinks must be in a clearly named unbreakable container.
😊 Do not give your child too much lunch.
😊 Clear wrap/Plastic film is often difficult for young children to undo. Also zip top cans can be very difficult to manage.
😊 Explain and practise at home before starting school, an order of eating, e.g. start with sandwiches, then the sweeter items, followed by fruit.
😊 Lunch Orders from our local bakery are available on Monday & Friday. Lunch orders must be given to the teacher by 9:30am Monday & Friday, with money wrapped in a paper bag which clearly lists the child’s name and grade, the order and the amount enclosed. Lunch Order price are provided to all families.

EATING (SEE LUNCH ARRANGEMENTS)

The Prep teacher cannot be expected to miraculously change a reluctant eater’s habits - she can only supervise and discourage wastage of food, establish acceptable eating habits and order of eating lunch. The amount of food provided by you should be based on experience of your child’s eating habits. Uneaten food will be returned home each day in lunch boxes, which may provide an indication of “too much” – “too little”, and individual food preferences, etc.

A SENSE OF RESPONSIBILITY

Please remember that a child’s reliability in looking after belongings, taking home messages, etc doesn’t automatically develop upon starting school. It will develop as children are encouraged to take on a greater role in looking after themselves and belongings at home and school, e.g. packing bags, looking for names on labels, listening to directions.

DISMISSAL - GOING HOME

All parents are asked to wait outside the classrooms. Teachers will bring each class outside to meet the parents at the day’s end.

THE BASIN PRIMARY SCHOOL
INDEPENDENCE
Children in Prep will be encouraged to individually, and in groups, tackle new tasks without fearing failure (risk taking) and to learn from errors as well as from successes: solving problems individually and with others; making decisions; to analyse, evaluate and to take action and use a developing range of thinking skills. By allowing your child/ren to tackle something for themselves and solve their difficulties, you are encouraging the growth of independence and resourcefulness.

NO FRIENDS TO PLAY WITH
Try not to increase your child’s anxieties by constantly asking, “Who did you play with today?” Focus on the POSITIVE, wait for your child to volunteer information on “happenings” at school - allow time for children to assess the new situation. Remember, they all play together on the ”Prep side”. Children do not usually make “life long” friends until the age of around 12 years. Instead, they play with different groups of friends at different times.

THE CRYING CHILD
We know how stressful it can be to parents if children are reluctant to be separated from them; however children settle in to activities after the parent has left. Your child will need to understand that going to school is part of the process of growing up. AVOID “You can stay home just this once” - this can teach the child that school attendance is a matter of choice, not a legal requirement. Of course, if the child is genuinely ill, staying at home is necessary.

EDUCATION MAINTENANCE ALLOWANCE.
The Education Maintenance Allowance is paid in two instalments and to be eligible:
- A parent must hold a current Pensioner Concession Care or Health Benefit Card, Veteran Affairs Pensioner Care or be a Foster Parent, on the first day of Term 1 for the first instalment and on the first day of Term 3 for the second instalment.
- The above-mentioned cardholder must be a parent of students under 16 years of age who attend a State or a Registered School in Victoria.

Parents who receive a Child Disability Allowance, Mobility Allowance, Remote Area Allowance or any other benefit not income tested by the Department of Social Security, are not eligible for the Education Maintenance Allowance. Closing dates for applications will be advertised in the school newsletter. Late applications cannot be accepted.

EMERGENCY INFORMATION
The emergency information in the Enrolment form is very important. Up-to-date information is vital and parents are asked to advise the school without delay, of any change of telephone number, place of employment, emergency contact person, etc. Any change of information should be provided immediately in writing.

ATTENDANCE
As school attendance is compulsory by law, you are required to forward to the school, in writing, an explanation for your child’s absence on his/her return. If a child leaves the school during the school day, the person responsible for the child must fill out an “Early Dismissal Note” which is available at the Office. Children do not attend school on curriculum days and parents will be given adequate notification of these pupil free days. The Basin Community House has child minding facilities for before and after school care. They can be contacted on (03) 9761 0209 for information on times and fees.

PUNCTUALITY
Parents are requested to make sure that their children are punctual in arriving at school each morning. Teachers are on duty each school day from 8:45am until 3:45pm. After 3:45 children who have not been collected will be asked to wait at the office until picked up. We recommend children arrive around 8:50am.

It is most important that children are at school and ready to begin classes at 9:00am. Not only does it assist with classroom organisation; e.g. bankbooks, notes, etc, to be collected, but also children must learn the
importance of punctuality to ensure the efficient running of the school. Late children miss out on getting organised for the day and valuable learning time.

**DISCIPLINE**
The rules that we have are for the safety and in the best interest of all the children. A child feels secure when he/she knows what they can or can’t do and that parents and teachers will be firm and consistent. Consistency of action between parents and teachers is essential to maintain a co-operative unit. Please return the reply slip in the Student Code of Conduct Booklet to the class teacher at the beginning of the year, or as soon as possible after you enrol your child.

**WET WEATHER**
During wet weather, please ensure that your child has appropriate clothing and footwear. Spare socks and pants can be most helpful. A *waterproof coat* is essential to wear outside and when walking to specialist classes. Children remain inside their classrooms on wet days, windy days and during periods of extreme heat.

**EXCURSIONS AND INCURSIONS**
The children will have the opportunity of participating in excursions throughout the year. School excursions provide a very effective means of motivating children to participate in and gain real benefit from a variety of learning experiences. Teachers plan suitable excursions and incursions to fit in with the school’s education program and the current integrated units. Visiting artists may be invited to the school to broaden the children’s cultural experience.

Permission notes will be sent out in advance for parents to sign and return. A signed consent form must be returned to school before a child can go on a planned excursion. The excursions and incursions levy is included in the fees which are payable at the beginning of the year.

Children are requested to wear school uniform on excursions and, if appropriate, a bucket or wide brimmed hat and sunscreen.

**LOST PROPERTY**
Please name all of your child’s belongings clearly and encourage your child to look after his/her things. If belongings are misplaced, please check in the Lost Property at the office.

**VALUABLES**
Children are not permitted to bring valuables to school; this includes iPods, mobile phones, game boys etc.

**MONEY**
By collecting funds at the beginning of the year we hope to reduce the number of times the children have to bring money to school. However, there may be times when money is required. Money should be placed in an office envelope bearing the child’s name, class, room number, what the money is for and the amount enclosed. This should be handed to the child’s teacher. Please send back permission notes separately.

Children are not to bring any personal money to school.

**SCHOOL BANKING**
Parental assistance is required to operate this service. Should you be able to offer assistance in this area, please contact the Parents and Friends Association or the school office.
SCHOOL NOTICE BAGS
Notices will be sent home in the school notice bag. These bags need to be returned to school each day. If parents have notices for the teacher they can be retuned in the notice bag.

SCHOOL UNIFORM
The school has a compulsory school uniform policy, which aims to develop unity, pride and a sense of identity within The Basin Primary School. The wearing of either a bucket or wide brimmed hat is required during Terms 1 and 4. We are a Sun Smart school.

Uniforms are available from the Uniform Shop situated in the Senior School area near the library. A copy of the Uniform Price list is available from the Uniform Shop or Office. All items on the list are usually in stock unless otherwise stated. Library bags, school bags and “iron on” logos are also available.

The Uniform Shop opens Friday mornings from 8:45 – 9:30am. If this is not a suitable time for you, an order and money in an envelope could be sent with your child direct to the shop on Friday mornings. Lay by is available.

For new Preps, uniform will need to be ordered by mid September, as the school needs to place an order with the supplier, to ensure delivery by December. Please do not leave ordering until the last minute as we may not have the items you require in your child's size. It takes 6-8 weeks for new orders to be made. The uniform shop coordinator will advise new Prep parents of the dates the uniform shop will be open to enable you to try sizes and place orders.

SUMMER
- Basin check Dress
- Navy shorts
- Navy shorts, knit or drill
- Hooded Windcheater with Basin logo
- Rugby top with Basin logo
- Bomber Jacket with Basin logo (Gr 6 have a graduation jacket)
- Gold or blue school polo shirt
- White or navy socks
- Black shoes or runners
  (Strapless, raised heel or thongs prohibited)

WINTER
- Basin Tartan Tunic
- Basin Tartan Tunic skirt
- Navy Pants, track, bootleg, drill
- Hooded Windcheater with Basin logo
- Rugby top with Basin logo
- Bomber Jacket with Basin logo (Gr 6 have a graduation jacket)
- Gold or blue school polo shirt
- Gold or royal blue skivvy
- White or navy socks
- Black shoes or runners
- School bucket or wide brimmed hat

OTHER ITEMS -
- School bag and Library bag for all students.
- Navy raincoat

Please see the chart below detailing the 2013 year’s uniform costs for Prep children. Parents should be aware there are small uniform price increases.

**HEALTH AND SAFETY**

**SAFETY IN THE PLAYGROUND**
- At all recesses and lunchtimes, two teachers are on duty in the playground.
- Balls are the only things to be thrown in the playground. Toy guns, scooters, skateboards and roller skate/blades are not permitted.
- Thongs are not considered suitable footwear for school.
- Dogs are not permitted in the school grounds during school hours. A pet dog may be brought to school for show and tell, but must be accompanied by an adult and kept on a lead.

**SCHOOL EVACUATION PLAN**
The Emergency Signal shall be a continuous sounding of the school siren. All persons should make their way to the school oval without delay, where a count shall be made, using the class roll as a checklist. The school conducts regular emergency drills.
- In the event of widespread local bushfires, children remain within the school boundaries, under the direct control of teachers. In the event of the school grounds being unsafe, Police will organise the evacuation of the students to Miller's Reserve or Batterham Park.
- In the case of internal fire, children will be moved to a designated, cleared area around the school.
- If evacuation is necessary, this will be instigated by the Officer in Charge of Emergency Services and the Principal or nominated responsible person. Evacuation would be to the designated Displan site for the area at the time of evacuation.

Parents who wish to collect children:
- must leave all vehicle exits and car parks clear
- must notify the teacher in charge of that group
- must sign a written authority to take the children (Teachers will not release children without a written authority).
- in the initial stages of local bushfire, the children would be safe if left at school.

**ILLNESS OR ACCIDENT**
Accidents are difficult to avoid entirely, but supervision by teachers at all times will reduce them to minimum. In the event of an accident your child will be cared for while emergency action is taken. Wherever possible you will be contacted and consulted before medical treatment is sought.

Our school is equipped to handle only minor illnesses and injuries. We do not have staff available to provide nursing care. However, if your child becomes ill, every effort will be made to contact you. If this is not possible, contact will be made with the emergency contact person on your child's emergency information file.

**HEALTH**
Please ensure that the school and his/her teachers are aware of any health problems. A note to the class teacher would be appropriate or a personal visit if necessary.

If your child is ill, please keep him/her at home as we do not have the facilities to care for a sick child at school. Please do not send children to school suffering from fever, diarrhoea, vomiting, etc. A sick child cannot work effectively and could infect other children and teachers.

**HEAD LICE (PEDICULOSIS)**
Keep a check on your child’s hair constantly. Head lice are extremely infectious and no one is immune. Advice on effective treatment is readily available from the school, Knox Council (92988000) or your local chemist.

**ASTHMA MANAGEMENT**
If your child suffers from asthma, please make sure the school is aware of his/her condition. A Student’s Asthma Action Plan must be completed. It is important that appropriate medication is sent to the school with the child and kept in his/her school bag should it be needed.
Acting on the recommendation of the Asthma Foundation, the school does not have an asthma pump. If your child needs to use a pump, this must also be brought to school.

**MEDICAL AND DENTAL SERVICES**
Preps have vision, hearing and general health examinations by school nursing staff and medical officers. Children in other grades who have been referred by parents/teachers may also be examined.
The School Dental Service is located at Knox Community Health Service. Children will be treated free if their parents hold a Government Health Card. All other children will be charged $30.00. ([http://www.kchs.org.au/dentals.shtml](http://www.kchs.org.au/dentals.shtml))

**SUNSMART**
To ensure a healthy balance between too much and too little UV is maintained, sun protection, ie hats that protect face, neck and ears, sunscreen SPF 30+, close fitting wraparound sunglasses are used from the beginning of September until the end of April and whenever the UV Index level reaches 3 and above. From May until August, sun protection is not used unless the UV Index level reaches 3 and above.

**COMMUNICABLE DISEASES**
The following table indicates the minimum period of exclusion from schools and children’s service centres required for infectious diseases cases and contacts as prescribed under Regulations 13 and 14 of the Health (Infectious Diseases) Regulations 2001 – Schedule 6. In this Schedule 'medical certificate’ means a certificate of a registered medical practitioner.

Worms (Intestinal) | Exclude until there has not been a loose bowel motion for 24 hours | Not excluded

**PARKING**

This school has some parking facilities for parents within the school grounds. Please observe the "local rules" in the interests of everyone's safety and to enable a smooth flow of traffic.

- We have a "Kiss and drop off" area and four parking areas. These are indicated on the following map.
- Please do not park beyond the second speed hump in the top carpark. This area is designated as a "safe" walk through between the school's buildings.
- Follow the traffic flow around the loop in the top carpark driveway or turn right into the lower driveway.
- Organise a car pool so that there are fewer cars using the driveways.
- No parents are to park beyond the zebra crossing. This area is reserved for staff only.

**MORNING PARKING ARRANGEMENTS:**

- Drop your child/children in either of the "kiss and drop off" areas and then move off. These areas are not for prolonged parking.
- If you are coming to see a teacher or to help in the classroom, etc., please park in either carpark.
  Remember if you are parking in the top carpark, proceed around the loop to the parking area.

**AFTERNOON PARKING ARRANGEMENTS:**

**TOP CARPARK**

- If a parking space is available - park
- Once the parking spaces are filled, form a queue in the "kiss and drop off" area in the top car park and down the drive. Children are not permitted to enter cars in this area.
- When a parking space becomes available, move to it carefully and then collect your child/ren.

In the top carpark - children are only to be collected at the parking bays.

**LOWER CARPARK**

- If a parking space is available - park. Children are not permitted to cross the driveway without adult supervision. Therefore parents are requested not to call to children to come to a car parked in the carpark.
- Parents may temporarily park in the "kiss and drop off" driveway against the left hand curb only. Children must enter the car from the left hand side. This area is not for prolonged parking and the driver must remain in the car.
CURRICULUM and SPECIALIST AREAS

VISUAL ART
The Art room is well equipped and the Art Teacher takes regular lessons with each grade.

MUSIC / PERFORMING ARTS
Children will be given opportunities to acquire musical knowledge through a balanced program of musical experiences including singing, listening, playing, moving and creating.

LIBRARY
A library bag is compulsory when borrowing books from the Library. This can be purchased from the Uniform Shop. One book may be borrowed at a time by preps and as children develop greater responsibility they will be allowed to borrow two books at one time. The borrowing period is one week. Books may be returned any day, there is a library tub in each classroom for these returns. Borrowing is conducted during library lessons.

PHYSICAL EDUCATION AND SPORT
At Physical Education lessons, the children will experience sequential programs in the areas of movement, dance, fitness, swimming, games and skills, and gymnastics. Throughout their primary years the children will also have the opportunity to participate in gymnastics, athletics, inter-school sporting games, cross country, bike education and a host of other exciting sporting events. In both physical education and sport the emphasis in on participation and enjoyment rather than intense competition.

SWIMMING
Swimming for Prep through to Year 6 is conducted at a local pool. It is an intensive 10 day program with the children being taken to and from the pool each day by bus.

This program offers the children the opportunity to develop confidence in the water under the guidance of qualified instructors.

Parents will be advised of the cost of the program and the provision at Prep level of a Swim and Survive booklet (a record of children's progress), when organisational arrangements have been made.

**CAMPS**
School camps are held for students in Years 3, 4, 5, and 6 and are seen as a valuable aspect of a fully rounded program of development for children. The aims in conducting a camp are:

- To provide opportunities for healthy social contact outside the regular school environment for the children and their teachers.
- To develop a sense of independence amongst the children, i.e. in dressing, eating and personal hygiene, etc.
- To provide opportunities for physical development, e.g. hiking, general fitness, outdoor activities.
- To help instil an appreciation of the natural environment of the area being visited.
- To provide educational experiences unavailable at school, e.g. visits to local industries, places of historical interest, etc. These are integrated into the total curriculum.

**COMPUTERS IN THE CLASSROOM**
Computer Education is essential in developing understanding and appreciation of the scope and role of the computer in our society. This enables the students to use the computer as a tool to assist and enhance learning across the curriculum.

The Basin Primary School is proud to offer computer technology in every classroom as well as a lab of 30 computers in the Learning Centre. A new lease will see iPads and more notebooks in classrooms this year. These computers are networked and give children and teachers access to the Internet, via the Department of Education's Wide Area Network. Children work independently or in pairs in the Learning Centre, save their work, and continue to work on their tasks back in the classroom. Information retrieval publishing and multimedia presentations form the main part of our computer program. Children also explore a range of Mathematics and English based software packages, which are designed to enhance their numeracy and literacy skills.

Our goal is that by the time children leave The Basin Primary School, they will attain a level of computer literacy determined by the Department of Education and Training guidelines for each Victorian Essential Learning Standards (VELS). The teaching staff is committed to achieving this goal and is successfully integrating the use of computers as a tool across the entire curriculum.

**HANDWRITING**
The Victorian Modern Cursive writing style is taught at this school. The style is based on an oval shape. Research has shown that this shape is more natural for children.

**COMMUNICATION**
To enable our school community to be kept fully informed, open communication between all members of the school community – students, parents, staff and others, is encouraged.

**NEWSLETTER**
A school newsletter is published every Thursday and a copy is either sent home with the oldest member of the family or can be emailed. Important information is contained in the newsletters so please make sure you receive a copy each week. Additional copies are available from the office. Parent helpers undertake collation.
and distribution of the weekly newsletter on Thursday mornings. Newsletters can also be accessed on our website.

OTHER COMMUNICATION
Other communication includes voluntary involvement in school programs, notice boards and a variety of committees that bring parents, teachers, and students together. Parent Information Evenings, reporting days and other interviews held during the year enable parents to be informed of the progress of their children.

The Principal and other staff members are available for consultation with parents and students by appointment. Communication among staff members is maintained at a high level both through informal networks and the formal structures of meeting for full staff, Co-coordinators, Principal’s Advisory Group, Year Level and Specialist teams and Curriculum Committees.

PARENT TEACHER INTERVIEWS
Parents will be notified of students’ progress regularly. In Term 1 you will be invited to attend a Parent/Teacher Interviews and you will receive detailed written reports in June and December. There is also a Mid-year Parent/Teacher Interview in the second week of Term 3. Students are encouraged to attend this interview with their parents.

Please feel free to discuss your child’s progress throughout the year by making an appointment through the office with the class teacher.

PARENT INVOLVEMENT

PARENT ASSISTANCE WITH CLASS ACTIVITIES
Many parents give up their time to assist with class activities. Involvement in reading programs, swimming and sporting activities, craft programs and excursions all contribute to the overall development of all children. The staff and children value the contribution. You will be advised of the areas where the class teacher would appreciate your help.

WORKING BEES
The Buildings & Grounds Sub-committee organises working bees during the years to enable regular maintenance and upkeep of the school buildings and grounds. Many parents and their children actively participate and have extensively helped improve the school’s facilities.

Dates and times will be published in the weekly newsletter.

If you are unable to attend on an organised day, but would like to offer your services on another date, please contact the Office.

PARENTS & FRIENDS ASSOCIATION (PFA)
Our Parents & Friends Association (PFA) is an active group providing fundraising activities for the whole community, social gatherings and evenings. In term 1 the PFA help to organize a Prep Family Fun night for Prep parents to get to know each other.

All parents can be part of the PFA, which supports the school through:

- Providing practical ways for parents to get involved in school life
- Gaining insights into school programs and planning
- Sharing and passing on ideas
- Organising community social activities
- Providing services to the children, e.g. lunch orders, Mother’s and Father’s Day Stalls
- Having a co-opted member on School Council
- Providing funds for the benefit of the children.
SCHOOL COUNCIL
School Council meetings are held monthly on the third Monday of the month. The meetings are open and all members of the school community are most welcome and encouraged to attend. The meetings are the avenue by which all members of the school community can meet to hear, discuss and formally act on any issues related to School Council duties and responsibilities. Everyone attending may join in discussions, however only School Councilors can vote on issues.

Council has the responsibility to determine the educational policy of the school, oversee grounds and buildings, ensure the moneys coming into the hands of Council are expended properly, and generally foster the school community’s interest to ensure the children attending The Basin Primary School have access to the highest quality educational programs and a pleasant and safe environment.
