<td>At Monday’s School Council meeting the quote from Greenline was accepted for the supply and installation of shade structures over both the senior and junior playgrounds. This process has been lengthy and it’s great to have it reach this stage. Of course shade structures are expensive and we would not have achieved this without the amazing fundraising efforts of our PFA and Country Fair teams over the last three years. The bright sails will bring quite a splash of colour to our school grounds and be quite distinctive from Mountain Highway and Liverpool Roads.</td>

**STUDENT PLACEMENTS / REQUESTS**

Determining class placements is a complex task where staff members undertake a considerable process to ensure that the best possible placement is made to meet each student’s educational needs. Factors that we take into consideration when making class placements include: academic achievement, personal / interpersonal development, friendship groups, learning styles, gender balance and other individual learning needs. It is important to understand that with so many factors to consider it is not possible to accommodate every request.

Teachers discuss, reflect and review their decisions over several weeks. However, please be aware that each and every factor in the decision as to where a child is placed for next year is given our utmost attention. If you have any information that you believe teachers may not be aware of that should be taken into account in making class placements, we will need to be informed of this in writing by Friday 31st October. As situations change, previous requests should be resubmitted if the reason still exists. After this date, new information may not be considered. Parents will be notified of placements in Student Reports when they are sent home in the last week of term.

**CURRICULUM DAY**

Parents are reminded that our next and last Pupil Free Curriculum Day for the year is on Monday 3rd November. The Melbourne Cup public holiday falls on the Tuesday 4th November so school will resume in that week on Wednesday 5th November.

**HAYFEVER SEASON**

Spring is upon us and along with this comes the dreaded hayfever/allergy season. Many adults and children suffer from this allergy and so we ask all parents to be aware and take necessary steps to make their child/ren’s day as comfortable as possible. If your child takes hayfever medication please ensure they have it before they come to school. Thank you for your support.

**FENC LINE**

This morning I spoke to a contractor mowing the area at the front of the school near the Knox Councils service road. I asked him about the long grass between our fence line and Liverpool Road only to learn that Knox Council have recently signed a new contract and are awaiting the delivery of a new long arm mower in December. Mowing our fence line is a priority.

**IMPORTANT NOTICE TO PARENTS – CODE RED DAYS**

All Victorian schools and education and care children services included on the 2014-2015 BARR (Bushfires At Risk Registry) are required to close on declared CODE RED days in their Bureau of Meteorology district. Inclusion on the BARR enables facilities to provide staff, children and parents with certainty about what will happen on declared CODE RED days. The Basin PS is on this registry. Could I ask all parents to ensure we have your current mobile number as we use a SMS messaging system to notify you of CODE RED days?

Walk to School October

It has been great to see so many families embracing the “Walk to school October” program. Students have been eagerly recording their walks to or from school on the class charts. Keep on walking everyone as we approach the last week of October.

Sports Uniforms – HELP!

We are asking for help from parents as we attempt to collect outstanding school sports uniforms. Please carefully enter your child’s bedroom (at your own risk) and seek out any blue and gold garments that may be hidden away. Your assistance would be greatly appreciated.

Dear Parent

The following information has been provided to me by the Department of Education and Early Childhood Development.

Yours sincerely

School Council President

Changes to the Education Maintenance Allowance

From 1 January 2015, the government will provide extra financial support directly to Victoria’s neediest schools instead of providing the Education Maintenance Allowance directly to parents.

Parents will not be able to apply for the Education Maintenance Allowance in 2015.

The money will be allocated to eligible schools through schools’ core operational funding mechanism, with the neediest schools receiving the most funding. Not all schools will be receiving funding in 2015.

This change to how the money is distributed was required by the funding agreement with the Commonwealth government to make sure Victorian schools receive increased funding that will benefit all students and, in particular, those from schools with concentrated disadvantage.

The majority of parents who received the EMA payment already elected to provide the money directly to their school.

If you are experiencing financial hardship, you can speak to your principal about how you can access assistance from the State Schools’ Relief Committee for clothing and uniforms.

The end of the EMA direct payments to parents will not affect any other payment you may be receiving such as the Schoolkids Bonus, which is provided directly to eligible parents to assist with education costs.

If you have any questions about this change, please speak to your school principal.
