THE BASIN PRIMARY SCHOOL
Mobile Phones and Personal Electronic Devices - Student Use Policy

Help for non-English speakers

If you need help to understand the information in this policy please contact the school principal.

PURPOSE

This policy explains our requirements and expectations relating to the student use of personal electronic devices during school hours and school activities outside school hours, in accordance with:

- the department's Mobile Phones and Personal Electronic Devices – Student Use Ministerial Policy
- the department's Smart Glasses and Covert Filming Devices Ministerial Policy
- Ministerial Order No. 1515 – Personal Electronic Devices in Victorian schools
- the *Education and Training Reform Act 2006.*

SCOPE

This policy applies to:

1. All students at The Basin Primary School and,
2. Students' mobile phones, smart glasses, wearable devices and personal audio devices.

DEFINITIONS

Assistive hearing device means a device manufactured for the primary purpose of assisting a person with a hearing impairment to hear, including hearing aids, cochlear implants, external sound processors and remote microphones designed for use with hearing aids or cochlear implants.

Mobile phone means a telephone with the capacity to connect to cellular telecommunication systems.

Personal audio device means wired or wireless headphones, earphones or headsets.

School hours means the hours within which a student is expected to attend the school at which they are enrolled.

Smart glasses means a device that is designed to be worn as spectacles and has the capability to send, receive, store, record or process digital information.

Wearable device means a device that is designed to be worn on the body and that has the capability to send, receive, store, record or process digital information, including a smartwatch, but does not include an assistive hearing device, a surgically implanted medical device, or smart glasses.

THE BASIN PRIMARY SCHOOL
Mobile Phones and Personal Electronic Devices - Student Use Policy

POLICY

The Basin Primary School understands that students may bring a personal mobile phone to school, particularly if they are travelling independently to and from school.

At The Basin Primary School:

- Mobile phones and wearable devices must have notifications, cellular connection and recording functions turned off, and be switched off and securely stored at the office during school hours.
- Personal audio devices must not be used during school hours.
- When emergencies occur, parents or carers should reach their child by calling the school's office.

Smart glasses must not be worn or used on school premises or at any school organised activity or event. This includes school organised activities that occur outside school hours or offsite. If they are brought to school or to a school activity, they must be switched off and stored securely.

Other covert filming devices must not be used on school premises or at any school organised activity or event.

During school hours, The Basin Primary School will provide secure storage for mobile phones and smart glasses, if they are brought to school.

Exemptions to this policy may be granted if certain conditions are met (see below for further information).

Secure storage of mobile phones, smart glasses and other personal electronic devices.

Personal electronic devices owned by students or their parents/carers are brought to school at the owner's risk. Students should not bring smart glasses to school unless they have been granted an exemption as a reasonable adjustment for disability. Students are encouraged not to bring mobile phones to school unless there is a compelling reason to do so.

Our school does not have accident insurance for accidental property damage or theft. Students and their parents/carers are encouraged to obtain appropriate insurance for valuable items. Refer to the the department's Claims for Property Damage and Medical Expenses policy.

Where students bring a mobile phone or smart glasses to school, our school will provide secure storage during school hours. Secure storage is storage that cannot be readily accessed by those without permission to do so. During school hours, students are required to store their phones and smart glasses at the school office.

During school activities that occur outside school hours, students should not bring smart glasses. Where students bring these devices, they must be switched off and securely stored in a way that restricts access to them. The Basin Primary School will inform students how they must store these devices if brought to these activities.

Enforcement and inappropriate use of personal electronic devices

Students who use their personal mobile phones inappropriately at The Basin Primary School may be issued with consequences consistent with our school's existing student engagement polices - *Student Wellbeing and Engagement*.

Inappropriate use of a mobile phone includes using it, failing to have it switched off, or failing to store it securely during school hours, unless an exemption has been granted.

Inappropriate use of smart glasses includes wearing or using them on school premises or at any school-organised event or activity, unless an exemption has been granted.

Inappropriate use of a wearable device occurs when notifications, cellular connection or recording functions are enabled or used during school hours, unless an exemption has been granted.

Inappropriate use of a personal audio device is any use during school hours unless a specific use is permitted by this policy or an exemption has been granted.

Inappropriate use of any personal electronic device includes use:

- that disrupts the learning of others
- to send messages or make phone calls that are inappropriate, harassing or threatening
- to engage in inappropriate social media use, including cyberbullying
- to capture audio, video or images of people, including students, teachers and members of the school community, without their knowledge or permission
- to capture audio, video or images in toilets, change rooms, swimming pools or gyms
- to gain an unfair advantage during exams and assessments.

Exemptions

Exemptions to restrictions on personal electronic devices other than smart glasses may be granted to individual students or groups of students by the principal or a teacher, in accordance with this policy, under the following three exemption categories:

- to support student learning, for example:
    - specific learning activities
    - reasonable adjustments because of a disability and/or learning need
- to support student health and wellbeing, for example:
    - students with a health condition
    - students who are young carers

A teacher may grant exemptions for devices other than smart glasses, in accordance with this policy and the direction of the principal.

Where an exemption is granted, the student may only use the personal electronic device for the specific purpose outlined in the exemption.

All exemptions will be documented in writing. Exemption documentation will include details about:

- the student or group of students to whom the exemption applies
- the basis for the exemption
- the period for which it applies
- any limitations or conditions.

The principal or teacher granting the exemption decides where these details are recorded based on the type of exemption and the needs of the student or group of students. This ensures details are recorded in the appropriate place, for example in:

- Individual Education Plans
- camp or excursion planning documents
- Student Health Support Plans
- a student's administrative record.

Exemptions for smart glasses

An exemption for smart glasses can only be granted by the principal, and will only be granted:

- where their use is a reasonable adjustment for a student with disability, for example, a student with vision impairment, and
- the adjustment cannot be reasonably provided by another device or approach.

Any exemption will be limited to the functions and circumstances required for the adjustment. Before granting an exemption, the school will follow the department's protocols for smart glasses outlined in the Mobile Phones and Personal Electronic Devices – Student Use policy and the Smart Glasses and Covert Filming Devices policy. If an exemption is granted, a privacy notice must be issued before the smart glasses are used.

Camps and excursions

The policy restrictions on all personal electronic devices continue to apply during school hours when students are on excursions or camps, unless an exemption is granted.
The policy restrictions on smart glasses apply for the entirety of any camp or excursion.

In addition to the other requirements outlined in this policy:

- students must not bring mobile phones to school camps or excursions, including those outside school hours, unless an exemption has been approved by the school.
- if students are permitted to bring a mobile phone for a particular camp or excursion, the school will advise students and parents/carers in advance.
